SUBDIVISION RESTRICTIONS

The purpose of these restrictions is to provide uniform protection for all property owners in these subdivisions by the establishment of minimum standards of land use, building sizes, set-back requirements and the prohibition of certain undesirable uses and practices for the entire subdivision.

I. LAND USE

All lots shown on said plats hereby are designated as a single family residential district.

II. GENERAL PROVISIONS

(a) Nothing shall be allowable on premises in any zone established which would in any way be offensive or obnoxious by reason of color, design, or the emission of odors, liquids, gases, dust, smoke, vibration or noise. Nor shall anything be placed, constructed or maintained that would in

any way constitute an eye-sore or nuisance to adjacent property owners, residents, or to the community.

(b) No building shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the architectural control committee as to the quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved.

The architectural control committee is composed of John A Cooper, Joe N. Basore, and George M. Billingsley. A majority of the committee may designate a representative to act for it. In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time, the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the committee or to withdraw from the committee or restore to it any of its powers and duties.

The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been commenced prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

(d) No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other out-building shall be used at any time as a residence either temporarily or permanently.

(e) No lots as shown on said plats shall be re-subdivided into building plots, but a portion of a lot adjoining a lot may be used in connection therewith and the total considered as a single building plot. The building line and side line setbacks shall be determined with reference to such increased plot.

(f) All residences constructed on the property herein shall be for residential purposes only and the use of said residences, boat docks, and/or any portion of any lot for the practice of any profession or commercial and business use of any kind is prohibited.

No bee hives or the breeding or raising of any insects, reptiles, or animals and fowls other than customary house pets are permitted.

(g) No building shall be maintained or erected except that the owners shall install sewage disposal facilities which meet all requirements of the Arkansas State Health Department.

No trees shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction from sightline.

IX. TERM

These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

X. ENFORCEMENT

Enforcement shall be by proceedings at law or in equity against all periods or person violating or attempting to violate any covenants either to restrain violation or to recover damages, and failure or neglect to enforce any provision hereof shall not constitute a waiver or operate as an estoppel.
