

BILL OF ASSURANCE

PAIUTE ADDITION

KNOW ALL MEN BY THESE PRESENTS:

That John A. Cooper Company, a corporation, holds the title to all of the following described lands situated in Fulton County, Arkansas, to wit:

A parcel of land lying in the NW ¼, NW ¼, (3.22 AC +-), the SW ¼, NW ¼, (34.94 AC +-), the NW ¼, SW ¼ (11.79 AC +-), the SE ¼, NW ¼, (22.58 AC +-) and the NE ¼, SW ¼, (24.09 AC 4+-) of Section 10, T- 19-N, R-6 -W of the Fifth Principal Meridian, Fulton County, Arkansas, being more particularly described as follows:

Commencing at the corner common to Sections 3, 4, 9, and 10, T-19-N, R-6-W of the Fifth Principal Meridian, Fulton County, Arkansas, run east 1779.880' to a point; thence run south 1596.760', to the point of beginning; thence run S40°41'44"E 329.735' to a point; thence run S55°37'11"E 115.109' to a point; thence run thence run N82°50'57"E 59.303' to a point on a curve; thence run southeastwardly along a curve to the left 150.000' to a point of tangency, said curve having a degree of curvature of 6°26'34" and a chord of S22°22'53"E 149.822'; thence run S27°12'49"E 253.239' to a point of curvature; thence run southeastwardly along a curve to the right 192.542' to a point of tangency, said curve having a degree of curvature of 510'24" and a chord of S22°13'59"E 192.300'; thence run S17°15'10"E 305.756' to a point of curvature; thence run southwardly along a curve to the right 188.324' to a point of tangency, said curve having a degree of curvature of 8'10" and a chord of S9°10'54"E 140 .228' to a point of curvature; thence run southwardly along a curve to the left 157.332' to a point of tangency, said curve having a degree of curvature of 06'33" and a chord of S7°46'26"E 157.083'; thence run S13°22'00"E 18.906' to a point on a curve; thence run southwestwardly along a curve to the left 146.041' to a point of tangency, said curve having a degree of curvature of 7°50'35" and a chord of S65°5'20"W 145.804'; thence run S59°21'41"W 405.463' to a point of curvature; thence run westwardly along a curve to the right 362.029' to a point of tangency, said curve having a degree of curvature of 11°14'44" and a chord of S79°43'3"W 354.461'; thence run N79°55'35"W 444.949' to a point of, curvature; thence run westwardly along a curve to the left 296.924' to a point of tangency, said curve having a degree of curvature of 16°37'47" and chord of S75°23'5"W 287.820'; thence run S50°41'46"W 44.595' to a point: thence run N40°0'0"W 228.416' to a point; thence run N29°W 260.192' to a point; thence run N37 °36'50"W 385.032' to a point; thence run N26°31"W 357.946' to a point; thence run N4°45'49"W 120.416' to a point; thence run N367°W 489.940' to a point; thence run N1°13'59"E 1328.392' to a point; thence run S67°E 308.591' to a point; thence run S34°49'28"E 140.089' to a point; thence run S54°34"E 287.141' to a point; thence run S78°41'24"E 229.456' to a point; thence run S61°41'57"E 73.824' to a point; thence run S86°54'21"E 185.270' to a point; thence run S65°1'6"E 317.805' to a point; the nce run S736°48"E 292.617' to a point; thence run S90°0'0"E 145.00' to the point of beginning and containing a total of 96.6323 Acres.

The Grantors, John A. Cooper Company, has caused said lands to be surveyed and subdivided into lots, blocks, and streets. Said subdivision has been named and shall henceforth be known and designated as Paiute Addition, Cherokee Village Subdivision.

The Cherokee Village Paiute Addition contains seven blocks, numbered 1 through 7, and the Grantors have executed a plat showing the locations of said blocks and the number and

dimension of the lots in said block; also the locations, widths and the names of the streets. All streets of said subdivision are hereby dedicated to the public for its use and benefit forever.

The plat of the Cherokee Village Subdivision, Paiute Addition, are recorded in plat Book 2 at page 52 in the office of the Circuit Court Clerk and Ex-Officio Recorder in and for Fulton County, Arkansas.

As a part of this Bill of Assurance, certain safeguards and restrictions hereinafter referred to as "Subdivision Restrictions" are hereby placed on the lots of said plat.

SUBDIVISION RESTRICTIONS

The purpose of these restrictions is to provide uniform protection for all property owners in these subdivisions by the establishment of a minimum standard of land use, building sizes, set-back requirements and the prohibition of certain undesirable uses and practices for the entire subdivision.

It is the intention of these restrictions to establish as minimum building requirements for all buildings erected on or moved onto any lot in this subdivision, all requirements for all building outlined by the Federal Housing Administration in the "Minimum Property Standards for Single Living Units," latest edition. This will be used as a guide for it, and in no way prevents the architectural control committee from being more restrictive than the Federal Housing Administration minimums in this respect. Any restriction or requirement submitted by the Architectural Control Committee shall apply, should there be a conflict.

I. LAND USE

All lots shown on said plats hereby are designated as a single-family residential district.

II. GENERAL PROVISIONS

(a) Nothing shall be allowable on premises in any zone established which would in any way be offensive or obnoxious by reason of color, design, or the emission of odors, liquids, gases, dust, smoke, vibration or noise. Nor shall anything be placed, constructed or maintained that would in any way constitute an eyesore or nuisance to adjacent property owners.

(b) No building shall be erected, placed or altered on any lot until the construction plans and specifications and a plan showing the location of the structure have been approved by the Architectural Control Committee as to quality of workmanship and materials, harmony of external design with existing structures, and as to location with respect to property topography and finish grade elevation. No fence or wall shall be erected, placed or altered on any lot nearer to any street than the minimum building setback line unless similarly approved. It will be necessary for the contractor, builder, or individual constructing the said residence to notify us that a suitable completion bond has been made to insure completion of the home against material and mechanical liens. If the owner is doing his own building, it will be necessary for him to supply the necessary credit information and proof of financial ability to complete the structure within the time requirements hereinafter set forth. Proof of builders risk insurance must be submitted.

The Architectural Control Committee is composed of John A Cooper, Joe N. Basore and George M. Billingsley. A majority of the committee may designate a representative to act for it.

In the event of death or resignation of any member of the committee, the remaining members shall have full authority to designate a successor. Neither the members of the committee nor its designated representative shall be entitled to any compensation for services performed pursuant to this covenant. At any time, the then record owners of a majority of the lots shall have the power through a duly recorded written instrument to change the membership of the committee or to withdraw from the committee or restore to it any of its powers and duties.

The committee's approval or disapproval as required in these covenants shall be in writing. In the event the committee, or its designated representative fails to approve or disapprove within thirty (30) days after plans and specifications have been submitted to it, or in any event, if no suit to enjoin the construction has been made prior to the completion thereof, approval will not be required and the related covenants shall be deemed to have been fully complied with.

(c) No building shall be erected or moved on to any lot in this subdivision which does not conform to the following restrictions of use, area, setbacks and other restrictions herein set forth.

(d) No structure of a temporary character, trailer, basement, tent, shack, garage, barn or other out-building shall be constructed or placed on any lot without approval and at any time be used for a residential purpose.

The exterior of any building erected on or moved on to any lot in this subdivision shall be completely finished within six months of the date of the start of construction. This shall include underpinning, exterior siding, windows and doors, corner boards, molding, chimneys, roof rakes, roof overhangs, roof cornices, fascias, porches, steps and any and all kinds of details of exterior construction or finish which in their absence shall change the appearance of the building from that approved by the architectural control committee.

The interior of any building erected on or moved on to any lot in this subdivision shall be finished within twelve months following the start of construction. The electric wiring shall be at least in accordance with the Federal Housing Administration requirements. Plumbing shall be in complete accordance with the requirements set up by the Arkansas State Health Department or the Federal Housing Administration, whichever is more restrictive. Interior walls and ceilings of a standard nature such as sheet rock, plaster, paneling, finished floors, ceiling tile, etc. shall be complete and shall be in accordance with the Federal Housing Administration requirements. (This does not include paint, wallpaper, or the final finishing touches, but does include shades and/or curtains or drapes at the windows.)

The contractor-builder or owner will submit the house to a minimum of four inspections by the architectural control committee and/or its representatives. In the event of non-compliance with this paragraph, the architectural control committee shall have the right, but not the obligation, to hire a contractor to do the work necessary for compliance, and to bill the owner for this work together with a charge for administration amounting to 10 percent of the contractor's bill. In the event that the owner does not pay said charges, the architectural control committee shall have the right to file a lien against the property and proceed in law or equity to sell the property to obtain said charges. All money received over and above said charges and court cost to be returned to the owner.

(e) No lots as shown on said plats shall be re-subdivided into building plots, but a portion of a lot adjoining a lot may be used in connection with a lot and the total considered as a single

building plot. The building line and side line setbacks shall be determined with reference to such increased plot.

(f) All residences constructed on the property herein shall be for residential purposes only and the use of said residences, boat docks, and/or any portion of any lot for the practice of any profession or commercial business of any kind is prohibited.

No beehives or the breeding or raising of any insects, reptiles, or animals and fowls other than customary house pets are permitted.

(g) No building shall be maintained or erected except that the owners shall install sewage disposal facilities which meet all requirements of the Arkansas State Health Department.

III. SETBACK LIMITATIONS

Setback requirements shall apply to all structures constructed and erected on said property, as follows:

Front yard.....	25 feet from property line
Side Yard.....	5 feet from property line
Rear yard.....	25 feet from property line
Corner Lots.....	25 feet from front and 15 feet from side

Roof overhangs, steps, stoops and architectural projections are excepted.

IV. HEIGHT LIMITATIONS

No building shall be greater than two stories in height nor higher from the average grade than 25 feet to any portion of the building except chimneys and architectural projections.

Garden walls, not exceeding 5 feet in height may be constructed anywhere within property lines except in the area outlined in Section 8, and in no event will it be any closer to the lot lines than the minimum building setback unless specifically approved.

V. AREA LIMITATIONS

No building shall be erected on any lot in Paiute Addition unless it has an area of 1000 square feet.

VI. EASEMENTS FOR PUBLIC UTILITIES

Perpetual easements as shown on the plats for the use of utilities shall be maintained and become a restriction on each individual lot where they occur. Where utilities easements occur on the rear of lots, the house sewer shall be located on the side facing the easement. In addition, each lot shall be subject to 5-foot easements for the installation of water mains and electric facilities. These facilities will be placed where most practical and least detrimental to the said lot. John A. Cooper Company or its assigns reserves the right to declare such easements and install utilities without notification to lot owner.

VII. GARBAGE AND REFUSE DISPOSAL

No lot shall be used or maintained as a dumping ground for rubbish. Trash, garbage, or other waste incidental to the use of the property as herein provided shall be kept in sanitary containers.

VIII. SIGHT DISTANCE AT INTERSECTIONS

No fence, wall, hedge or shrub planting which obstructs sight lines at elevations between 2 and 6 feet above the roadways shall be placed or permitted to remain on any corner lot within the triangular area formed by the street property lines and a line connecting them at points 25 feet from the intersection of the property line with the edge of a driveway or alley. No tree shall be permitted to remain within such distance of such intersections unless the foliage line is maintained at sufficient height to prevent obstruction from sightline.

IX. TERM

These covenants are to run with the land and shall be binding on all parties and all persons claiming under them for a period of twenty-five (25) years from the date these covenants are recorded, after which time said covenants shall be automatically extended for successive periods of ten years unless an instrument signed by a majority of the then owners of the lots has been recorded, agreeing to change said covenants in whole or in part.

X. SIGNS

All signs are prohibited within the area covered by this subdivision except:

(a) Signs erected by the Developer or the Architectural Control Committee for identification of streets, traffic control and directional purposes;

(b) Signs erected by Developer in connection with its sales program.

XI. SEVERABILITY

Invalidation of any one of these covenants by judgment or court order shall in no wise affect any of the other provisions which shall remain in full force.

IN WITNESS WHEREOF, the said John A Cooper Company, a corporation, has caused this instrument to be signed by its Vice President and its Assistant Secretary and its corporation seal to be affixed this 15th day of July, 1968.

JOHN A COOPER COMPANY

Vice President

Assistant Secretary

ACKNOWLEDGMENT

STATE OF ARKANSAS)
